

NEW YORK Surrogacy Center

Guide for

Professionals

New York Surrogacy Center is a surrogacy matching agency that matches surrogates and prospective intended parents and guides them through the surrogacy journey.

We work with surrogates and intended parents from throughout the United States.

Our uniquely focused agency prides itself on competent and compassionate individual attention to the surrogates and intended parents from the first contact through delivery of the baby.

The Surrogacy journey

1. Intake and prescreening of the surrogate
2. Intake with intended parents
3. Matching of surrogate and intended parents
4. Medical and psychological screening of surrogate and intended parents
5. Contract phase with independent legal counsel
6. Embryo transfer and pregnancy
7. Parentage proceeding during the second trimester of the surrogate's pregnancy that results in an order declaring the intended parents to be the child's parents and directing that they be listed on the child's original birth certificate
8. Delivery of the baby, who goes home from the hospital with the intended parents

Why Refer *to the* New York Surrogacy Center?

Attorney owned and operated by attorneys experienced in Assisted Reproduction Technology law and licensed in NY, VT and NJ.

- Members of the Academy of Adoption and Assisted Reproduction Attorneys (AAAA), New York Attorneys for Adoption & Family Formation (NYA AFF), American Society of Reproductive Medicine (ASRM) & Society for Ethics for Egg Donation and Surrogacy (SEEDS)

Our dedicated team ensures compliance with complicated state laws throughout the surrogacy journey.

Our agency is intentionally small, allowing us to maintain close relationships with all of our surrogates and intended parents and to provide individualized attention to all parties throughout the process.

All agency policies and procedures comply with ASRM guidelines for surrogacy.

We conduct extensive screening of potential surrogates before matching regarding:

- Strict eligibility requirements
- Child Abuse/Neglect disclosure
- Background checks for surrogate and partner (criminal, sex offender, credit, driving record)
- Obtain OB/GYN medical records for external review
- STD screenings
- Drug tests
- Virtual home visit with surrogate

Referrals for intended parents to resources for obtaining donated ova, sperm and/or embryos if their fertility clinic does not offer these services.

We conduct an independent review of the surrogate's medical insurance prior to matching.

We provide personalized matching services that pair intended parents with compatible, like-minded surrogates.

We offer thoughtful referrals to experienced mental health providers for psychological screening procedures before embryo transfer.

We provide referrals to experienced Assisted Reproduction Technology law attorneys for contract drafting and parentage proceedings.

We offer referrals to experienced Estate Planning attorneys who are also familiar with Assisted Reproduction.

We assist in coordinating the purchase of insurance for the surrogate, including medical, life, disability, etc. after matching.

We provide independent escrow management services for the funds to be dispensed during the surrogacy journey, which are handled internally by attorneys adhering to strict ethical requirements and who have experience handling large escrow accounts.

Our agency is fully independent in the process and does not provide legal representation to surrogates or intended parents.

It is our passion to provide ongoing guidance and emotional support for intended parents and surrogates throughout the surrogacy journey.

Our agency is fully insured.
